JOHN SHELDON OF PROVIDENCE

(and Records of His Descendants)

The first known proof of John Sheldon's existence is an entry dated November 8, 1654 in the early records of the Town of Providence.[1] John Sheldon's name appears next again in these early records indicating on March 6, 1660 his intention to marry Joanne Vincent.[2] Like two other known, original, New England Sheldons, Isaac of Windsor, Connecticut and Northampton, Massachusetts and John of South Kingston, Rhode Island, his parents and his birthplace are unknown. It is generally accepted that he was born in England. (A fourth, original, New England Sheldon, Godfrey of Scarboro, Maine, was born, probably at Bakewell, in England in 1599.)

John Sheldon's name appears numerous times in the early records of the Town of Providence between the years 1654 and 1708. He was born in 1630, a date established by his own testimony when on February 23, 1674, as recorded in the Town of Providence records, he stated his age then to have been 45 years or thereabouts.[3] The Town of Providence records show that at a town meeting on September 14, 1702 John Sheldon, Sr. was chosen to serve as a deputy at a meeting in Newport.[4] John Sheldon's date of death in 1708 has been determined from Town of Providence records which show that on March 20, 1708 he deeded to his son, Nehemiah, all of his personal estate,[5] and from Town of Providence records of testimony on September 20, 1708 by Liddea Smith and on October 2, 1708 by Sarah Arnold that his son, Timothy, was born in legitimate time after his marriage to Joanne Vincent.[6] The Sheldon Family Association's genealogical records indicate he died September 21, 1708 but do not show when or how that specific date was determined. While it appears quite probable that he died in September, that he died on the 21st day seems open to question. The names of his children and some of his grandchildren also appear frequently in these early records, but there is no mention or hint about his father, his mother or his place of birth. Certain given proofs of ancestry and/or lineage are uncontestable, others are sometimes controversial, and some are threads of evidence or circumstantial deductions acceptable only to those who wish to believe them. There are a number of credible theories and opinions about John Sheldon's ancestry, but uncontestable proof has not been found.

This genealogy is a compilation and consolidation of information drawn from many sources. All of those listed as descendants of John of Providence in Rev. Henry Olcott Sheldon's "Sheldon Magazine" form the base upon which have been added descendants named in other published genealogies and family histories, descendants identified in U.S. census rolls, descendants found in various other public and private documents and papers, and names given by certain living descendants.

The Sheldon Magazine is a work in six volumes. The first four volumes were printed by S. H. Mather & Co. at Sidney, Ohio in 1857. They are dated June 1855, January 1857, April 1857 and October 1857 respectively. H. O.

Sheldon, in a preface to Volume IV, stated his intention to publish another volume. Volume V, however, was not published until 1957, one-hundred years later, when the manuscript which H. O. Sheldon intended to print was found after years of search, edited and transcribed by Carew Sheldon and published by the Sheldon Family Association Genealogical Committee. Volume VI was published August 1, 1969. It consists mainly of names transcribed by Leland Locke Sheldon from notations in H. O. Sheldon's handwriting written into margins and between lines of H. O. Sheldon's personal copy of his first four volumes.

Although, unfortunately, H. O. Sheldon did not include his sources in his Magazine, certainly most of the data he compiled is very reliable. He commented in the preface of the Sheldon Magazine, Volume I, dated June 7, 1855 at Loudonville, Ohio:

> We have been collecting materials, at times for nearly 20 years. When first projected, it was seen the work would be heavy. Every unnecessary word and figure is avoided. On account of the labor and expense, the month and day of births and deaths are usually omitted. For the same reason the authorities are not now given. Some of these will be in the historical and biographical notes.

Much of his information was obtained by personal interview with many various Sheldon and allied families, about some of which he made reference in his Journals. These original, leather-bound Journals have survived and are now preserved in the Fireland's Museum in Norwalk, Ohio.

Among pertinent entries in his Journals which relate to his genealogical undertaking are these:

June 28, 1828 visiting his grandfather in Fowler, Ohio --

> He was born February 27, 1749 - his father was a Baptist minister. His mother was daughter of Rev. John Greenwood, a Presbyterian minister - Rehoboth. There were two brothers Sheldons who came from Scotland - one settled in Barrington, R. I. - the other in Wethersfield, Connecticut.

May 24, 1832 visiting his grandfather in Fowler, Ohio --

> My grandfather looks fresh as many men of fifty. He related the circumstances of my Father's visit twelve years ago. When he came he took my Grandfather's hand & said "I am Joseph, doth my Father yet live?" While my Father was there, my Grandfather & all his children met at Uncle Perry's. He & his wife & fourteen children sat down at one table in regular order.

September 28, 1843 in Kingston, Ontario, Canada --

Wrote letters - called at the Court room - the assizes are going out. - went to Parliment House, but Gov. had gone in. I felt mortified at the loss but waiting a short time he and suite came out. I afterwards went into the library where I enjoyed a rich

feast all the afternoon in searching and reading about Sheldons of England the most conspicuous of whom was Gilbert Sheldon Archbishop of Canterbury. Returned to Uncles for supper at 6 P.M. Preached for Br. R. on Heb. XI 4.

September 29, 1843 in Kingston --

Wrote and searched history in library - very interesting documents.

September 30, 1843 in Kingston --

Heard part of Monroe speech in Legislative Council but was attracted to the library again. In searching the Acts of Privy Council I find Seltons, Sielton, Shelton 1194, 1250 etc. I have not yet found the first Sheldon.

December 16, 1843 in Keesville, New York --

Rose as usual at 5 & wrote. Waking 10 m. before I had a clear view of the form & price of the Sheldon Magazine which I think - publishing. Good inquiring meeting at 9. Br. June 21, 1844 in Pawtuxet, Rhode Island --

James took me to Rail R. by which I came to Greenwich & at 12 took stage & came to Pawtuxet. Rode with the driver who owns the team & all on the route - John P. Babcock - Kingston. Called on Capt. It is now 10 Jan. My cares are heavy - my trials great - I see my own sinfulness & meaness, unworthiness so great I am almost crazy - I see such a labyrinth of business - pressures of debts - interest increasing - Debtors insolvent - property falling or

unsalable I know not what to do, my heart almost broke with care - my mind gone. I have short intervals of relief. I am as one bound with cords & fetters. I cannot throw away the fact God governs the world, that this Providence was directly concerned in calling me against my will to be agent Apr. 23, 1840. Why should I thus be dedicated in everything!

August 16, 1856 in Sidney, Ohio --

Cold night and hot days - made cupboard for Sheldon Magazine. The Democrats had a convention. The great arg. is South should have liberty to take slaves to Kansas.

H. O. Sheldon's visits on April 24, 1844 with Sylvester Judd, on June 19, 1844 with Roger Sheldon (not a descendant of John Sheldon of Providence), on June 21, 1844 with Elisa Arnold, on June 22, 1844 with "Aunt Rhodes" and on June 26, 1844 with Aunt Mary (#1126,7) indicate he was collecting information, first hand, from reliable and sometimes very old individuals who could very well have given him facts about families and individuals which might not otherwise have survived. His mentions of these elderly people are general declaration of some of his sources and they certainly lend credibility to his work.

John Osborne Austin's venerated Genealogical Dictionary of Rhode Island, published in 1887, five years after H. O. Sheldon died, is a collection of names of 485 of Rhode Island's first-settler families including descendants into the third and fourth generations. It often has been relied upon for genealogies, but it is is not error free. For example, the Dictionary on page 177 states:

It is assumed Mary Sheldon (who married 1721, Dec. 18, William Rhodes), Rachael Sheldon (who married 1728, Mar. 6, Fearnot Packer), and Welthian Sheldon (who married 1731, Jun. 6, John Williams), must have been daughters of Nehemiah Sheldon.

The assumption about Welthian Sheldon disagrees with H. O. Sheldon's claim in Volume I, page 3 of his Sheldon Magazine that she was the daughter (fourth generation #1124) of Timothy Sheldon and Rebecca Carr. Timothy Sheldon's will, recorded on page 18 in Will Book 4 which is retained in the Providence City Hall probate office, proves H. O. Sheldon to be correct. Excerpt from Timothy Sheldon's will:

Imprimis - I give and bequeath unto my loving wife Rebecca Sheldon my best feather bed and bedding belonging to the same - Item my will is that my executor hereafter named shall sell all my lands - And I do hereby authorize and fully impower my executor hereafter named to give a good and Warrantable Deed of the (etc. etc.) Item - my will also is that when my executor hereafter named hath sold said land: that he shall take out ten pounds for himself and after all my just debts and funeral charges are justly paid the whole of the remainder shall be equally divided amongst my six sons as namely

Timothy Sheldon, Jonathan Sheldon, Benejah Sheldon, Benjamin Sheldon, Daniel Sheldon, and James Sheldon: each and every of them being at equal charge towards a suitable maintenance for my afore said wife Rebecca Sheldon: (etc. etc.) Item - my will also is each and every of my six sons above named shall pay unto my loving daughter Welthian Williams eight pounds each of them within three years next after my decease - lastly I constitute make and ordain my loving son Timothy Sheldon to be my whole and sole executor (etc. etc.) I the said Timothy Sheldon have hereunto set my hand and seal: this twenty seventh day of March in the year of our Lord one thousand seven hundred fourty one: (etc. etc.)

In the presence of us — Timothy Sheldon Junior (seal)

On the other hand, there are mistakes in the Sheldon Magazine. Examples: 1. John Sheldon, #12, the progenitor's second son, is shown in The Sheldon Magazine, Volume I, page 1r as married to Sarah Kingsley who is shown to have died in 1732. This indicated marriage is questionable and possibly incorrect because Sarah Kingsley is also shown in this same volume on page 4 to be the second wife of Isaac Sheldon of South Kings Towne, Rhode Island after 1751. 2. Abigail Sheldon, #145, is shown in the Sheldon Magaine, Volume I, page 1r, being born in 1705, married to Richard Fenner and mother of eight children, the first of which, also named Abigail, is shown in this same volume, page 10r, being born in 1718. It seems unlikely that she became a mother at the age of 12 or 13 Years! Edwin M. Snow's 1879 publication of Births, Marriages and Deaths Recorded in Providence shows a marriage date of January 11, 1716 for this Abigail Sheldon and Richard Fenner. No other record exists of another Abigail Sheldon of earlier birth who could have been the wife of Richard Fenner. The easy way to explain a way out of this nearly impossible dilemma is to believe that Abigail Sheldon, #145, was born at an earlier date -- the sequence of her birth date and those of her brothers and sisters might very well be incorrect as shown in the Sheldon Magazine. Abigail might have been born in 1694 or 1695, the eldest child of Nicholas Sheldon and Abigail Tillinghast. John Osborne Austin's Genealogical Dictionary of Rhode Island, on page 177, also lists the eight children of Nicholas Sheldon and Abigail Tillinghast as ascertained from Nicholas Sheldon's will, but it give no dates of birth and the order in which the children are listed is at variance with the order shown in the Sheldon Magazine. Abigail, #145, is listed as the fourth child and identified as married to Richard Fenner in Austin's Dictionary. 3. Jeremiah Sheldon, #148, is shown in the Sheldon Magazine, Volume I, page 3r as married to Anna Barnes, but no record of this marriage seems to exist, and family records passed down from Jeremiah Sheldon's great-granddaughter, Rebecca Olney Sheldon, #1484,76, indicate belief that Jeremiah Sheldon might have been married twice, show a sequence of births of

Jeremiah Sheldon's children which is at variance with the sequence shown in the Sheldon Magazine, and suggest that Jeremiah Sheldon's last three children might have been born of a second wife. Old Families of Rhode Island, published by J. H. Beers & Co., in Chicago in 1908, in Volume II on page 1223, names Jeremiah Sheldon's wife Hannah Barnes - not Anna Barnes. 4. The Sheldon Magazine, Volume V, page 90r, names the wife of Thomas Ryder Sheldon, #1128,326, to be Mary Aldrich, but in fact she was an immigrant named Mary Ulbrich or Ullrich, born February 8, 1825 in Germany. 5. The Sheldon Magazine, Volume IV, page 87 names the spouse of Lydia M. Sheldon, #1128,32(10), to be John Danton, but the notice for probate of the will of her Aunt Lydia Sheldon, #1128,3(10), and census records both show this spouse's name to be John Dante. This probate notice names many of the descendants of Jonathan Sheldon, #1128,3:

THE PEOPLE OF THE STATE OF NEW YORK: To the heirs and next of kin of Lydia Sheldon, deceased, late of the town of Duanesburgh, in the county of Schenectady, but especially to James Sheldon, Caleb D. Hoag, John S. Hoag, Eliza A. Carpenter, Freeborne S. Luyder, Benjamin Sheldon, Sadie Griffeth, Gideon J. Sheldon, Elvira Hoag, Sarah Wilber, Eliza A. Sheldon, Ursula Sheldon, residing in the town of Duanesburgh aforesaid, and to Freeborne Marsh, residing in the city and county of Schenectady; and to Benjamin Sheldon and Lydia A. Van Wagoner, residing in Hyde Park, Dutchess county; and to Daniel T. Hoag, residing in the city and county of New York; and to Benjamin W. Tabor, residing in Rochester, Monroe county; and to Alden Tabor and Matilda Ford, residing in Penfield, Monroe county; and to Andrew J. Tabor, Oscar H. Tabor, Freeborne Colvin and Lucinda M. Hare, residing in Macedon, Wayne county; and to Lydia E. Eddy, residing in Westfield, Chautaqua county; and to Lydia M. Dante, residing in Worcester, Otsego county; and to Milton R. Hoag, residing at Middleburgh, Schoharie county, all being residents of the State of New York; and to Thomas R. Sheldon, residing in Richmond, McHenry county in the State of Illinois; and to Augustus Sheldon, residing at Chelsea, Butler county, in the State of Kansas; and to Mercy D. Tabor, residing at Adrian, Lenawee county, in the State of Michigan.

Whereas, Mott T. Sheldon, who is named as executor in a certain instrument in writing purporting to be the last will and testament of the said Lydia Sheldon, deceased, (and which relates to both real and personal estate,) has applied for the proof of said instrument before our County Judge of our county of Schenectady, acting as Surrogate: Now, therefore, you and each of you are here-cited and required personally to be and appear before our said Judge, at the Surrogate's office in the city of Schenectady, in said county, on the fifth day of November, 1872, at ten o'clock in the forenoon of that day, then and there to attend to the probate of said will.

Witness the hand of our said Judge, and the seal of the Surrogate's Court of the county of Schenectady, at (L.S.) the city of Schenectady, this 12th day of September in the year of our Lord one thousand eight hundred and seventy two.

set176w WALTER T. L. SANDERS, County Judge.

These foregoing examples of proof of ancestry are given as a matter of possible interest and to show how claims of ancestry sometimes are uncontestable, and some times are controversial due to various types of errors including, simply, mis-spelling of names.

This genealogy is divided into thirteen parts -- thirteen generations. Individuals are listed only once and each descendant is given an identifying number starting from number 1, the progenitor. Spouses are also named but they are not numbered. In the index, spouses are identifed by asterisks. All descendants bear numbers derived from their direct-line Sheldon ancestry so that each descendant's number is composed of digits equal to the number of his or her generation. The numbers are set apart by commas in sets of fours (corresponding to each four ascending generations) for clarity and to facilitate tracing. The numeric sequence assigned to children within each family is according to age. Thus, each individual's number is composed of the numbers previously assigned to all of his or her direct Sheldon ancestors plus his or her number which is the last digit in the number set. It should be recognized that where individuals' ages or dates of birth are not known the last digit number assigned them may not be date-of-birth sequence. So, although the assigned numbers may not place all individuals in their true, numeric, descendent positions by birth, they do place them in their correct generation, they group them by family and they afford a tracing system which does not duplicate or repeat names and numbers. Adopted children are so identified by alpha digits in substitution for numeric. Where applicable, original numbers (S#) assigned in the Sheldon Magazine are given parenthetically following each number.

Individuals in the genealogy whose names are followed by an asterisk are children of a second wife, a double asterisk a third wife, a triple asterisk a fourth wife, and so on. Children born of a second or a third husband are so identified in their family grouping by their father's surname.

The birth (b), death (d), and marriage (m) data in the lines beneath individuals' names is complete only to the extent this data has been found. These lines are omitted to the extent such information is totally lacking in any or all of these birth, death and marriage lines. A question mark preceding or following a spouse's name in the marriage line indicates that either the given name or the surname is not known.

Many locations, some dates and some names in the genealogy are underlined. This underlining means that the place, or date or name is given only as a possibility or probability. No solid evidence has been seen or given which would indicate this underlined data to be fact; but the underlined data suggests where, in what period and for whom to look should there be desire for further research.

The numbers in the right hand columns of the genealogy are source numbers and they refer to the list of sources. In some instances the source numbers are supplemented with a volume number, a page number, or an enumeration district and sheet number. Information about some individuals has been found or given in more than one source -- sometimes in several sources. Usually these multiple sources agree as to the date and location concerning the individual, but if there is conflict the place or date which seems most likely to be the correct one has been chosen. Data given by living descendants in

most cases can be verified by public records of vital statistics inasmuch this data concerns mainly the most recent generations.

All footnotes are consolidated in chapter 15. They identify sources of information, they clarify certain descendent names which would otherwise be puzzling and they give recognition to certain individuals for their positions or achievements.

Again, this is a collection of names of descendants of John Sheldon of Providence taken from many varied sources. The intent in compiling this genealogy is to gather much widely scattered data into one comprehensive collection. No case is made to guarantee the validity of the source information; neither is there any intent to discredit any of it. The number of identified descendants, although very far from complete for thirteen generations, stands as a tribute to John Sheldon of Providence, one of America's colonial founding fathers.
